

**HIPAA Notice of Privacy Practices**  
**Taylor Station Surgical Center, Ltd.**  
**Effective Date September 23, 2013**  
**Version 92313.1**

THIS NOTICE OF PRIVACY PRACTICES (THE “NOTICE”) DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW THIS NOTICE CAREFULLY.

This Notice applies to Taylor Station Surgical Center, Ltd., (the “Surgery Center”). The purpose of this Notice is to describe how the Surgery Center may use and disclose your protected health information (“PHI”) in accordance with the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”), the Health Information Technology for Economic and Clinical Health Act (the “HITECH Act”) and the HIPAA Omnibus Final Rule (the “Final Rule”). This Notice also describes the obligations of the Surgery Center with respect to your protected health information, describes how your protected health information may be used or disclosed to carry out treatment, payment or healthcare operations, and describes your rights to control and access your protected health information. The Surgery Center has agreed to the provisions set forth in this Notice.

We are required to provide this Notice to you pursuant to HIPAA.

The HIPAA Privacy Rule protects only certain medical information known as “protected health information.” Generally, protected health information is health information, including demographic information, collected from you or created or received by a health care provider, a health care clearinghouse, a health plan, or your employer on behalf of a group health plan, from which it is possible to individually identify you and that relates to:

- (a) your past, present, or future physical or mental health or condition;
- (b) the provision of health care to you; or
- (c) the past, present, or future payment for the provision of health care to you.

**1. Responsibilities of the Surgery Center.**

The Surgery Center is required under HIPAA to maintain the privacy of your protected health information. Protected health information includes all individually identifiable health information transmitted or maintained by the Surgery Center that relates to your past, present or future health, treatment or payment for health care services. The Surgery Center must abide by the terms of this Notice, and must provide you with a copy of this Notice upon request.

**2. How the Surgery Center May Use and Disclose Your Protected Health Information.**

The following categories describe the different situations in which the Surgery Center is permitted or required to use or disclose your protected health information:

- **For Treatment.** The Surgery Center may use or disclose your protected health information to facilitate medical treatment or services by providers. The Surgery Center may disclose medical information about you to providers, including doctors, nurses, technicians, medical students, or other hospital personnel who are involved in taking care of you.
- **For Payment Purposes.** The Surgery Center has the right to use and disclose your protected health information to satisfy their responsibilities with respect to the billing and payment collected from you, an insurance company or a third party, for treatment and services you receive from the Surgery Center. For example, the Surgery Center may need to give your health plan information about therapy or nursing services you receive in order to receive reimbursement from your health plan for those services. The Surgery Center may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.
- **Health Care Operations.** The Surgery Center has the right to use and disclose your protected health information to perform functions necessary for the operation of the Surgery Center. For example, the Surgery Center may use health care information to review your treatment and services and to evaluate the performance of our staff in caring for you. The Surgery Center may combine health care information about many of our patients to decide what additional services we should offer, what services are not needed, and whether certain new treatments are effective. The Surgery Center may also disclose information to doctors, nurses, therapists, technicians, aides, students and other Surgery Center personnel for review and learning purposes. The Surgery Center may remove information that identifies you from the health care information so others may use it to study health care and health care delivery without learning the identity of any specific patient.
- **Appointment Reminders.** The Surgery Center may use and disclose health care information to contact you as a reminder that you have an appointment with the Surgery Center.
- **Treatment Alternatives.** The Surgery Center may use and disclose health care information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.
- **Health-Related Benefits and Services.** The Surgery Center may use and disclose health care information to tell you about health-related benefits or services that may be of interest to you.
- **To the Individual.** The Surgery Center may disclose protected health information, which you are the subject of, to you.

- **Individuals Involved in Your Care or Payment for Your Care.** The Surgery Center may release health care information about you to a friend or family member who is involved in your health care. The Surgery Center may also give information to someone who helps pay for your care. In addition, we may disclose health care information about you to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status and location. This release requires written or oral consent from you.
- **Research.** Under certain circumstances, the Surgery Center may use and disclose health care information about you for research purposes. For example, a research project may involve comparing the health and recovery of all parties who received one type of treatment to those who received another for the same condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of health care information, trying to balance the research needs with patients' need for privacy of their health care information. Before we use or disclose health care information for research, the project will be approved through this research approval process, but the Surgery Center may, however, disclose health care information about you to people preparing to conduct a research project, for example, to help them look for patients with specific health care needs, so long as the health care information they review does not leave our control. The Surgery Center will almost always ask for your specific permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care with us.
- **Business Associates.** The Surgery Center may contract with certain service providers ("Business Associates") to perform various functions on behalf of the Surgery Center. To provide these services, the Business Associates may receive, create, maintain, use or disclose protected health information. For example, our attorney may receive your protected health information to help us respond to a payment audit. The Surgery Center and each Business Associate will enter into, or have already entered into, an agreement requiring the Business Associate to safeguard your protected health information as required by law and in accordance with the terms of this Notice.
- **Required By Law.** The Surgery Center may use or disclose your protected health information to the extent required by federal, state or local law. For example, the Surgery Center may disclose your protected health information when required by national security laws or public health disclosure laws.
- **Lawsuits and Disputes.** The Surgery Center may disclose your protected health information in response to a court or administrative order. Your protected health information may also be disclosed in response to a subpoena, discovery request or other lawful process if efforts have been made to tell you about the request or to obtain an order protecting your protected health information.

- **Certain Government Agencies and Officials.** The Surgery Center may disclose your protected health information to (i) government agencies involved in oversight of the health care system, (ii) government authorities authorized to receive reports of abuse, neglect or domestic violence, (iii) law enforcement officials for law enforcement purposes, (iv) military command authorities, if you are or were a member of the armed forces, (v) correctional institutions, if you are an inmate or in under the custody of a law enforcement official and (vi) federal officials for intelligence, counterintelligence, and other national security activities.
- **Public Health and Research Activities; Medical Examiners.** The Surgery Center may also disclose your protected health information (i) for public health activities or to prevent a serious threat to health and safety, (ii) to organizations that handle organ donations, if you are an organ donor, (iii) to coroners, medical examiners and funeral directors as necessary, and (iv) to researchers, if certain conditions regarding the privacy of your protected health information have been met.
- **Workers' Compensation.** The Surgery Center may disclose your protected health information to comply with workers' compensation laws and other similar programs that provide benefits for work-related injuries or illnesses.
- **Military and Veterans.** If you are a member of the armed forces, the Surgery Center may release health care information about you as required by military command authorities. The Surgery Center may also release health care information about foreign military personnel to the appropriate foreign military authority.
- **Disclosures to the Secretary of the U.S. Department of Health and Human Services.** The Surgery Center may be required to disclose your protected health information to the Secretary of the U.S. Department of Health and Human Services to investigate or determine the Surgery Center's compliance with the HIPAA Privacy Rules.
- **Other Uses and Disclosures with Written Authorization.** Disclosures and uses of your protected health information that are not described above may be made by the Surgery Center with your written authorization. If the Surgery Center is authorized to use or disclose your protected health information, you may revoke that authorization, in writing, at any time, except to the extent that the Surgery Center has taken action relying on the authorization. The Surgery Center will not be able to take back any disclosures of your protected health information that have already been made with your authorization.

### **3. Your Rights With Respect to Your Protected Health Information.**

The following summarizes your rights with respect to your protected health information:

- **Right to Request a Restriction on Uses and Disclosures of Protected Health Information.** You have the right to request a restriction or limitation on the protected health information used or disclosed about you by the Surgery Center for treatment, payment or health care operations. You also have the right to request a limit on the disclosure of your protected health information to someone who is involved in your care or the payment for your care, such as a family member, friend or other person you have identified as responsible for your care. In your request, you must tell the Surgery Center (i) what information you want to limit; (ii) whether you want to limit the Surgery Center's use, disclosure, or both; and (iii) to whom you want the limits to apply, for example, disclosures to your spouse. The Surgery Center will comply with any restriction request if (iv) except as otherwise required by law, the disclosure is to the health plan for purposes of carrying out payment or health care operations (and is not for purposes of carrying out treatment); and (v) the protected health information pertains solely to a health care item or service for which the health care provider involved has been paid out-of-pocket in full. If the Surgery Center agrees to your request, the Surgery Center will honor the restriction until you revoke it or we notify you.
- **Right to Request Confidential Communications.** You have the right to request that the Surgery Center communicate with you about your protected health information in a certain way or at a certain location. For example, you can request that the Surgery Center only contact you at work or by mail. The Surgery Center will accommodate all reasonable requests.
- **Right to Inspect and Copy Your Protected Health Information.** You have the right to inspect and copy your protected health information. Under certain limited circumstances, we may deny your access to a portion of your records. For example, you do not have a right to inspect and copy psychotherapy notes or information that the Surgery Center have collected in connection with, or in reasonable anticipation of, any legal claim or proceeding. If you request copies, we may charge you reasonable copying and mailing costs.
- **Right to Amend Your Protected Health Information.** You have the right to request an amendment of your protected health information that is maintained by the Surgery Center if you believe that the information is inaccurate or incomplete. The Surgery Center may deny your request if your protected health information is accurate and complete or if the law does not permit the Surgery Center to amend the requested information. The Surgery Center cannot amend information created by your doctor or any person other than the Surgery Center.
- **Right to Receive an Accounting of Disclosures of Your Protected Health Information.** You have the right to request an accounting of disclosures the Surgery Center has made of your protected health information during the six (6) years prior to the date of your request. However, you will not receive an accounting of (i) disclosures made prior to April 14, 2003, (ii) disclosures made to

you, (iii) disclosures made pursuant to your authorization, (iv) disclosures for purposes of treatment, payment or health care operations and (v) disclosures made to friends or family in your presence or because of an emergency. Certain other disclosures are also excepted from the HIPAA accounting requirements. If you request more than one accounting in any twelve (12) month period, the Surgery Center will charge you a reasonable fee for each accounting after the first accounting statement.

- **Uses and Disclosures that Require Your Authorization.** The following uses and disclosures will be made by the Surgery Center only with your authorization:
  - uses and disclosures for marketing purposes, including subsidized treatment communications;
  - uses and disclosures that constitute the sale of PHI;
  - if the Surgery Center maintains psychotherapy notes, the use and disclosure of such notes will only be made upon the authorization from you; and
  - other uses and disclosures permitted by HIPAA, but not described in this Notice.

You may revoke your authorization at any time, so long as the revocation is in writing. Once we receive your written revocation, it will only be effective for future uses and disclosures. It will not be effective for any information that may have been used or disclosed in reliance upon the written authorization and prior to receiving your written revocation.

In addition to the above, you also have the following rights:

- **Right to Opt-Out of Fundraising Communications.** If the Surgery Center conducts or engages in fundraising communications, you shall have the right to opt-out of such fundraising communications.
- **Right to Receive a Paper Copy of this Notice.** You have the right to receive a paper copy of this Notice upon request, even if you agreed to receive this Notice electronically. To obtain a paper copy of this Notice, contact HIPAA Privacy Officer, at Taylor Station Surgical Center, 275 Taylor Station Road Columbus, Ohio 43213.
- **Right to Be Notified of a Breach.** You have the right to be notified in the event that the Surgery Center (or a Business Associate) commits or discovers a breach of unsecured protected health information.

- **To Exercise Your Individual Rights.** To exercise any of your rights listed above, you must complete the appropriate form. To obtain the required form, please contact HIPAA Privacy Officer, at Taylor Station Surgical Center, 275 Taylor Station Road Columbus, Ohio 43213.

**4. Filing a Complaint with the Surgery Center or the U.S. Dept. of Health and Human Services.**

If you believe that the Surgery Center has violated your HIPAA privacy rights, you may complain to the Surgery Center or to the Secretary of the U.S. Department of Health and Human Services. Complaints to the Surgery Center should be sent to Christie Santa-Emma, HIPAA Privacy Officer, Taylor Station Surgical Center, 275 Taylor Station Road Columbus, Ohio 43213. Complaints to the Secretary should be sent to the U.S. Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Ave. S.W., Washington, D.C. 20201. The Surgery Center will not penalize you or retaliate against you for filing a complaint.

**5. Changes to this Notice.**

The Surgery Center reserves the right to change the provisions of this Notice and to apply the changes to all protected health information received and maintained by the Surgery Center. If the Surgery Center makes a material change to this Notice, a revised version of this Notice will be provided to you within thirty (30) days of the effective date of the change at your address of record.

**6. Effective Date.**

This Notice becomes effective on September 23, 2013.

**7. Contact Information.**

If you have any questions regarding this Notice or would like to exercise any of your rights described in this Notice, please contact:
